WORK EXPERIENCE

Software Engineer
Indus Net Technologies Limited

05/2025 - Present

Achievements/Tasks

- Work on HTML, SCSS, JS on moodle LMS. Modify core moodle structures as per requirement and build functionality related to interactions using JS.
- Use AI Agents in IDE with structured prompts to expedite development.

Software Engineer
Digital Avenues Infotech Pvt. Ltd.

04/2023 - 04/2025 *Kolkata*

Achievements/Tasks

- **BranchLab** - Designed interactive dashboards using React, CSS, Ant Design, and Recharts for clear data visualization. Built responsive, user-friendly UI components and optimized performance for large datasets. Ensured consistent, modern UI/UX across dashboards for seamless user experience.
- **Fantasy Loser** - Developed responsive UI with Tailwind for seamless cross-device experience. Built dynamic pages by fetching backend data and rendering on UI. Focused on clean layouts, cross-browser compatibility, and performance. Collaborated with teams to translate business needs into intuitive front-end designs.
- **Cleversort** - Designed and built responsive UI components with React, CSS, and AntD, ensuring modern, consistent design. Optimized structure for performance and maintainability. Created interactive elements for smooth UX and collaborated with teams to meet business and user needs.

Web Designer
Weavers Web Solutions Pvt. Ltd.

11/2021 - 03/2023 *Kolkata*

Achievements/Tasks

- Worked on UI design and frontend development using HTML, CSS, JavaScript, and React. Built responsive, reusable components, implemented interactive features, and ensured cross-browser compatibility. Focused on performance optimization and collaborated with teams to deliver seamless, user-friendly interfaces.
