PROFILE

I am a dedicated and enthusiastic student currently pursuing a B.Sc. in Data Science from Techno India University, now in my third year. I have a strong interest in data analysis, programming, and problem-solving. I am seeking an internship opportunity to gain practical experience and apply my academic knowledge in real-world projects. I am eager to learn new technologies, contribute to a team, and develop my professional skills in the field of data science.

SKILLS

- **Programming & Libraries:** Python (OOP, NumPy, Pandas, Matplotlib, Seaborn)
- **Data Analysis:** Data Cleaning, Data Visualization, Exploratory Data Analysis (EDA)
- **Database Management:** SQL (Queries, Joins, Data Manipulation)
- **Business Intelligence Tools:** Power BI (Dashboards & Reports)
- **Machine Learning:** Basic understanding of Supervised(Linear Regression ,Multiple Linear Regression, Logistic Regression, SVM, KNN & Unsupervised(K-Means) Learning
- **Development & Design Tools:** Google Colab, VS Code, Power BI, WordPress, Canva
