EXPERIENCE

KWALITY PHARMACEUTICAL LTD.

Junior Software Developer
Jan 2023 – Present | Amritsar

- Designed, developed, and implemented firmware to support Embedded System Product Concepts.
- Combined Root Level Authentication and Authorisation technologies with ongoing system design to harden finish solutions.
- Tested code modules to ensure they were bug-free before release.
- Developed and implemented new software features, enhancing functionality and user experience.

PROJECTS

GATEOUT SYSTEM INTERFACE DEVELOPMENT

- Designed and developed the GateOut System interface as part of an integrated ERP solution, streamlining the management of outgoing inventory from the premises.
- Developed a user-friendly interface in VB.NET for real-time tracking and management of items leaving the premises. · Ensured secure access control by implementing role-based user authentication and authorization.· Created dynamic and interactive reports using Crystal Reports for monitoring real-time data on inventory movement and analysis.

LAB RECEIVING MANAGEMENT DEVELOPMENT

- Developed and maintained the Lab Receiving module within the ERP system, enabling efficient tracking, stock management, and reordering of lab supplies. Utilized VB.NET for front-end development and SQL Server for back-end data management to ensure accurate and real-time inventory updates. Integrated automated reporting features using Crystal Reports to provide insights into consumable usage and stock levels.

ERP SYSTEM INTERFACE DEVELOPMENT

- Worked on multiple interfaces to integrate external modules with the core ERP system, improving system efficiency and data flow. Developed custom interface solutions using VB.NET, ensuring seamless communication between different modules within the ERP system. Utilized SQL Server for backend database management and Crystal Reports for generating actionable insights through reports.

SUMMARY

As a Junior Software Developer at Kwality Pharmaceuticals Ltd. Excelled in Designing and implementing firmware for Embedded Systems, showcasing my proficiency in C# and object oriented Programming. My Work, Characterized by innovative solutions and rigorous testing, ensured bug-free releases, demonstrating my commitment to quality and my ability to enhance product security and performance.

EDUCATION

BACHELOR OF COMPUTER APPLICATIONS

Global Group of Institutes
2020-2023 | Amritsar, Punjab

MASTER OF COMPUTER APPLICATIONS

Lovely Professional University
2023-present | Jalandhar, Punjab

SKILLS

- ·SQL Server
- Vb.Net
- ·CSS ,HTML
- C#
- Debugging techniques
- Crystal Reports

SOCIETIES

Participated in various Academic Webinars in my College, focusing on Topic such as (Team Building),(Leadership of India in World Level) These Events are Conducted by renowned professors and industry Experts.

HOBBIES

- Cooking
- Playing Cricket
- Listening Music
