SUMMARY

Solution-driven Full Stack Developer with experience designing and building scalable web applications and microservices using modern technologies like React, Go and Python. Skilled in both frontend and backend development, with a strong focus on delivering intuitive user interfaces and robust, high-performance backend systems.

WORK EXPERIENCE

Junior Developer, PRM Fincon Services Pvt. Ltd. **Mar 2023 - Present**

- Designed and developed responsive UIs for client-facing applications using React and modern web technologies.
- Built and maintained Go and Python microservices, including billing, archival, and authentication services, ensuring reliable and scalable backend systems.
- Built a chatbot leveraging LLMs to dynamically query data from the database and provide insights.
- Collaborated with clients and internal teams to gather requirements, ensuring solutions align with business goals.
- Assisted in the deployment and maintenance of applications in cloud environments, ensuring high availability and security.

Intern, PRM Fincon Services Pvt. Ltd. **Oct 2022 - Feb 2023**

- Developed a prototype UI for a document processing application.
- Revamped a legacy Angular-based interface by migrating it to React, collaborating with the core UI team to deliver a modern, responsive, and maintainable product.
- Implemented automated testing frameworks for UI components.
- Contributed to optimizing backend services, enhancing overall reliability and functionality.

EDUCATION

Bachelor of Science in Computer Science **Aug 2019 - Jul 2022**
Acharya Prafulla Chandra College

TECHNICAL SKILLS

- **Languages:** HTML, CSS, JavaScript, TypeScript, Python, Go
- **Libraries & Frameworks:** Node.js, React, Tailwind CSS, Bootstrap, MUI, shadcn/ui, Redux, Zustand, React Forms, React Router, Axios, Flask, FastAPI, Gin, Jest, Puppeteer, Selenium, LLMs, prompt engineering, embeddings, LangChain, MCPs
- **Tools & Platforms:** Git, GitHub, Jenkins, Docker, Vite, PostgreSQL, MongoDB
